Provider Profile

Information provided by the provider describing their agency:

Community Options, Inc., is a nationally based non-profit (IRS 501(c)(3) certified) organization incorporated in 1989 and headquartered in Princeton, NJ. Community Options, Inc. provides residential and employment supports for individuals with developmental disabilities in New Jersey, New York, Connecticut, Pennsylvania, Tennessee, South Carolina, Kentucky, Texas, and New Mexico.

Community Options of CT currently supports individuals receiving services through the HCBS and IFS Waivers. We operate a licensed CLA in Bristol and four IHS apartments in Unionville, Farmington, and New Britain. We also provide Individualized and Group Day Services specifically designed to provide vocational assessment and training for individuals who possess the ability and desire to transition from volunteer to competitive employment. Community Options of CT embraces Gentle Teaching as a positive, holistic approach to behavioral support. No aversive conditioning or negative behavior modification is used and our agency preference is to avoid any kind of physical management.

Community Options, Inc. believes there are four values critical to supporting individuals with disabilities and their families successfully: individual choice; customer satisfaction; person centered planning; and economic empowerment. These values inspire each service Community Options, Inc. provides and develops.
